2nd edition of *Statistical Inference* by Casella and Berger

Homework:

Homework will usually be assigned on a Friday and will usually be due seven days after it is assigned. Homework is worth 10% of the final grade. No late homework will be accepted.

Exams: Three exams will each count for 30% of the final grade. The schedule for the exams will be announced in the first week of class. No make-up exams will be given.

TA (help Sessions and office hours): The TA for the course is Trung Ha. His office is Griffin-Floyd 218. His office hours will be announced in the first week of class.

Grading:

The usual 10 point scale (90% for an **A**, 80% for a **B**, ...) is tentatively adopted, but is subject to change. The final grading scheme will be announced after the second exam.

Policies:

Students are responsible for **all** material covered in class. If you are absent, make arrangements with a classmate to borrow the notes.
