

Introduction to Theoretical Statistics II
STA 6327 (7292)
Spring 2013

Instructor: Kshitij Khare, 208 Griffin-Floyd Hall

Phone: 352-273-2985

Class: MWF 9:35 am - 10:25am, Leigh Hall 242

Office Hours: MW 10:30-11:30am or by appointment

Course Web Page: <http://www.stat.ufl.edu/~kdkhare/STA6327.html>

Text: 2nd edition of Statistical Inference by Casella and Berger. (We will finish Chapter 5 and try to get into Chapter 10.)

Homework: Homework is worth 10% of the final grade. No late homework will be accepted.

Exams: Three exams will each count for 30% of the final grade. The schedule for the exams will be announced in class. No make-up exams will be given.

Grading: The usual 10 point scale (90% for an A, 80% for a B, . . .) is tentatively adopted, but will most likely be loosened.

Help Sessions: The TA for the course is Trung Ha. His office is Griffin-Floyd 218. During weeks in which there is an exam or a homework due, Trung will hold a help session on Wednesday in Griffin-Floyd 230 from 5:30-7:00pm. In the remaining weeks, Trung will have regular office hours Tuesday and Thursday from 1:55-2:45pm.

Policies: Students are responsible for all material covered in class. If you are absent, make arrangements with a classmate to borrow the notes and any handouts from them. Handouts will be distributed once and only once.

We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.
