Homework  There will be six homework assignments. Due dates are  
given on the schedule below. Everyone is expected to do every problem  
that is assigned.

I would like to encourage you to hand in your assignments in Latex,  
to get you more familiar with it. Latex is available as a free download  
from http://www.miktex.org/.

First Assignment Due Thursday September 4

Exams  
Exam 1: Thursday October 18  
Exam 2: Thursday December 4
Grades
Homework: 55%
Exams 1-2: 15% each
Project: 15%

Each HW problem will be graded on a scale of 0-4. Homework is due in the TA mailbox by 5pm of the due date. If your homework is late it will be graded on a scale of 1-3.

Course Description
The strategy that I will use will be to go in the order of the text and try to cover as many topics as possible.

Term Project You will be required to write a five page term paper (No more than 5 pages, 1 1/2 spacing, 12pt font) that does the following

(a) Select an inference topic: Unbiased, consistent, sufficient,....or anyone of your choosing
(b) Select a paper written before 1940 that addresses the topic
(c) Select a paper written after 1980 that addresses the topic
(d) Compare and contrast the papers, with particular attention to the evolution of the topic.

The early paper could be one of R.A. Fishers. All of his papers are available at http://digital.library.adelaide.edu.au/coll/special//fisher/

Project Due Dates:

(a) A one-page description of your project is due on October 30. This needs to list the topic and the two papers that you will read (complete references).
(b) The final project report is due Tuesday December 9

Project Grading:

(a) 5% of your grade is for handing in the outline on October 30. This is a 0-100% grade. There is no late option.
(b) 10% of your grade is for the completed written project.
Schedule

Refer to the schedule that is also posted on the web page. You are responsible for knowing when assignments are due and when exams are coming!!!

Finally, what follows needs to be here according to UF regulations. Make sure you read it carefully.

This is serious stuff.

Academic Honesty: The University of Florida requires all members of its community to be honest in all endeavors. Cheating, plagiarism, and other acts diminish the process of learning. When students enroll at UF they commit themselves to honesty and integrity. Your instructor fully expects you to adhere to the academic honesty guidelines you signed when you were admitted to UF. As a result of completing the registration form at the University of Florida, every student has signed the following statement: “I understand that the University of Florida expects its students to be honest in all their academic work. I agree to adhere to this commitment to academic honesty and understand that my failure to comply with this commitment may result in disciplinary action up to and including expulsion from the University. Furthermore, on work submitted for credit by UF students, the following pledge is either required or implied: On my honor, I have neither given nor received unauthorized aid in doing this assignment. It is to be assumed all work will be completed independently unless the assignment is defined as a group project, in writing by the professor. This policy will be vigorously upheld at all times in this course.

Students with Disabilities Act: The Dean of Students Office coordinates the needed accommodations of students with disabilities. This includes the registration of disabilities, academic accommodations within the classroom, accessing special adaptive computer equipment, providing interpretation services, and mediating faculty-student disability related issues. Dean of Students Office, 202 Peabody Hall, 392-7066. www.dso.ufl.edu

Campus Helping Resources: Students experiencing crisis or personal problems that interfere with their general well-being are encouraged to utilize the university’s counseling resources. Both the Counseling Center and Student Mental Health provide confidential counseling services at no cost
for currently enrolled students. Resources are available on campus for students having personal problems or lacking clear career and academic goals, which interfere with their academic performance. The Counseling Center is located at 301 Peabody Hall (next to Criser Hall). Student Mental Health is located on the second floor of the Student Health Services in the Infirmary.

**Software Use:** All faculty, staff and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate.
